Qualities:

I am a hardworking, trustworthy, friendly person who gets on well with all age groups. I am willing to undertake any training required and always eager to look for ways to progress my personal and work life.

I interact well with people and listen to what they have to say and believe with the skills and expertise I've developed I would be an ideal candidate for your company, where I can deliver the skills and knowledge I have gained over the years in order to help the customers.

I am punctual and have a good attendance record and work equally well on my own and as part of a team.

I have worked in a variety of jobs and I am willing to consider any appropriate work available.

I feel with my many practical skills and understanding of helping others with Mental health issues and the general public would be of benefit to your company,
